

Clear roads for your employees.

# More flexibility for our all-round protection package.

If you as a company have not made a pre-selection, your employees can configure their own individual all-round protection package by choosing from various options for theft and damage protection, inspection and wear and tear.

Your employees do **not have to opt for a single package** (Basic, Premium or All-inclusive), but can choose from the **various options** for theft and damage protection, inspection, and wear and tear according to their individual requirements.

## Theft and damage protection

incl. free Europe-wide mobility guarantee

2 OPTIONS

# All-round protection in 3 steps.

This allows your employees to put together an all-round protection package to suit their individual requirements.

## All advantages at a glance

**Free benefit configuration:** Employees select options for insurance, inspection and wear and tear according to their requirements.

**Cost optimization:** Your employees only pay for the services they need.

**All-round carefree:** Premium and all-inclusive options give your employees access to comprehensive services.

### 1st step

#### Select option for theft and damage protection

You can choose from two options for theft and damage protection: **Premium** or **All-inclusive**. In this example, the all-inclusive option has been selected.

In the event of theft or total loss, the bike will be **replaced at its original purchase value including accessories**.

The bike only needs to be **locked**.

ALL-INCLUSIVE

### 2nd step

#### Select inspection option

Your employees can choose from three options here. In this example, the **Premium** option has been selected.

#### 3 Inspections

**Budget € 85 gross per inspection\***

PREMIUM

### 3rd step

#### Select wear and tear budget option

Your employees can choose from three options here. In this example, the **All-inclusive** option has been selected.

**Unlimited wear and tear budget**

ALL-INCLUSIVE
